ABOUT ME

I am a very curious person, this led me to interest in programming beside to have a Degree in Business Administration and to work in the financial market.

I like being self taught, that is the way I have learnt things like playing the guitar, welding and photography, however I'm going to start High Education in Systems.

EXPERIENCE

2021 - Current • **Django Dev. - Remote, EEUU:** I'm an intern at efizza.com

2018 - Current • **Daytrader Freelance - Remote:** This experience gives me patience, independence and flexibility.

March 2018 - Jun 2018 • **RICSA mechanic's shop - Mexico,** Administrative: accounting experience, teamwork.

Dec 2016 - Nov 2017 • **Humble Bumble Hostel - Mexico,** General Manager: I learnt how to lead a group of people (approximately 10) of different cultures. My biggest accomplishment was the organization of the business project.
